

DEAN C. RINGLE, P.E., P.S.
FRANKLIN COUNTY ENGINEER

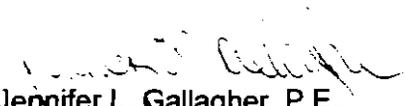

January 10, 2002

To Whom It May Concern:

Attached is a list of intersections in Franklin County and the rate at which the traffic is growing at these particular locations. These were calculated using 1999, 2000, and 2001 counts and the most recent count we had besides 1999, 2000, and 2001. The list is five pages long with the intersections sorted with the highest growth rate intersection at the top of the list. We will try to update this list annually with the counts we took the year before.

I am sending this to you for your information. Maybe it can be of some help in your planning endeavors. If you have any questions about this list do not hesitate to call me. I can be reached at 462-3054.

Sincerely,

Jennifer L. Gallagher, P.E.
Franklin County Traffic Department

FRANKLIN COUNTY ENGINEERS
Short Term Growth Change
Comparing 1999, 2000, and 2001 Counts with Earlier Years
