Point Blank Hilliard

Point Blank Ranges is a company out of Cincinnati Ohio that currently owns and operates seven locations. Those locations include East and West Cincinnati, Florence Kentucky, Cleveland Ohio, Greenwood Indiana, Dayton Ohio and Carmel Indiana. Four more stores are in various stages of being built in Louisville Kentucky, Knoxville TN, Mokena Illinois and Hodgkins Illinois.

Hilliard and the Columbus Market is an excellent location for a Point Blank Store and we are looking forward to opening one there in the next 8-10 months.

Our business model includes a 15,000 square foot single story building that is typically located on the periphery of major retail corridors. The parking needs are about 90 spaces. The interior space is broken down into about 9,000 SF of indoor, climate controlled, range area containing 20 lanes divided into two bays of 10 lanes each. The retail floor area is about 4,000 SF and the remainder is receiving, classrooms, office and staging and storage areas. We do not handle or sell black powder.

Our facilities are well maintained, clean and well lit. They are designed and operated with safety in mind and our customer base is very appreciative of that. The customer base is a good mix of first time and experienced shooters. Our mission is to "Promote responsible firearm ownership and usage through an engaged, honest and knowledgeable team effort".

The business itself will employ about 30 associates and annual sales will be close to \$3,600,000 to start off. Once the building is rented it will take about \$1,350,000 in equipment and start up to get open. The equipment consists of state of the art HEPA filter ventilation system and AR-500 steel clad shooting booths along with target systems. Point Blank has built four new facilities from ground up and has renovated three facilities in second generation space.

There are no big trucks delivering as we are shipped our inventory piece meal via UPS or FedEx step vans for the most part. The security of the facility consists of 15-20 cameras and 6-9 motion controlled areas.
