VII. TRAFFIC IMPACTS

Which of the following conditions applies to this application (One box must be checked):

- A. This application has no impact on traffic, safety, or congestion in the area. Example applications include sign variances, architectural changes, setback variances, etc.
No traffic analysis is required.

- B. A traffic analysis was conducted for this site previously, and this application is consistent with the development assumed in the previous study.
No additional traffic analysis is required.
List the title and date of the previous study and include two copies with this application.

- C. A traffic analysis was conducted for this site previously, but this application deviates from the assumptions in the previous study.
An update to the previous analysis is required.
List the title and date of the previous study and include two copies with this application.

- D. This application does not significantly change the trip generation or access of the site as it is currently being used, and the site is located away from areas of congestion. Example applications include modifying an existing use to a less intense or equally intense use from a traffic-generation standpoint with no need to change existing traffic control devices.
A "before" and "after" trip generation comparison or a brief narrative describing the trip-generating nature of the old and new use is required to support the claim that the proposed development generates an equal or less amount of traffic.

- E. This application has an impact on traffic in the area. Example applications include a change in use, change in size of existing use, change in access, or rezoning to a more intense land use from a traffic-generation standpoint.
A traffic operations analysis (minor traffic study) is required in accordance with the "Applicant's Guide for Traffic Access and Impact Studies for Proposed Development".

- F. This application has an impact on traffic in the area. Example applications include a new development of a significant size and traffic impact (rezoning, major modification to zoning, or development plan approval) or development of a site in a location that is currently experiencing nearby congestion.
A complete transportation study (major traffic impact study) is required in accordance with the "Applicant's Guide for Traffic Access and Impact Studies for Proposed Development".

One paper copy and one electronic copy (all appendices in both) OF THE TRAFFIC ANALYSIS CONDUCTED FOR THE SITE AS REQUIRED IN ACCORDANCE WITH THE "APPLICANT'S GUIDE FOR TRAFFIC ACCESS AND IMPACT STUDIES FOR PROPOSED DEVELOPMENT".

A traffic analysis is required if C, E, or F was checked in Section III above. A "before" and "after" comparison of traffic generated by the development is required if D was checked in Section III above.
